CERTIFICATION

Google Project Management • Coursera

2023

- Learn about the practices and skills required in an entry-level project management role.
- Learn how to create effective project documentation and artifacts across different project phases.

Become a React Web Developer Expert • Dicoding Indonesia

2023

- Learn how to deploy React apps effectively, safely, and quickly with CI/CD techniques.
- Try out Next.js, Storybooks, and Styled Components as part of the useful and popular React ecosystem.

Become a Linux System Administrator • Dicoding Indonesia

2023

- Get to know Linux operating systems by learning about open source, operating systems and Linux architecture.
- Understand how to interact with the Linux operating system by learning the shell, users, and user management.
- Understand how to work with the filesystem, from interacting with disks, directories and files, file permissions, to archiving files.
- Know how to write good and correct shell scripting, starting from variables, data types, control flow, functions, to input/output.

Become a Back-End Developer Expert • Dicoding Indonesia

2022

- Implement automation code in the Back End RESTful API project.
- Develop Back End projects with clean architecture principles.
- Deliver or deploy applications quickly and safely using CI/CD methods.
- Understand techniques in building applications that are sustainable and easy to scale as developments occur.

SELECTED PROJECTS

Dicodev Forum

A web-based application where users can create a forum/thread, make comments on a thread and give a thumbs up/down reaction to a thread or a comment.

PWA Web

The project that was made as a final submission to the class became a Front-End Web Developer Expert from Dicoding where I learned a lot about the things that are the key to how to create an optimal web, easy to use, and accessible on all devices.

EDUCATION

State Vocational High School 2

Cilaku - Cianjur

Poultry Agribusiness

INTERESTS

Exploring the latest web technologies, reading and writing journals, playing football, badminton, and sometimes volleyball.
